To the Citizens of Alexandria: I am glad to see that Groupe R. BLACKLOCK has announced himself a candidate for re-election to the office he now holds, Collector of Taxes for the Northern District of Alexandria city. Mr. Blacklock has made a good, reliable, energetic and polite officer. He has succeeded in collecting the taxes down to a very small amount, and that without distressing any one; and for the whole year he has been in the discharge of his duties there has not been an unpleasant word passed between him and the taxpayers. His success has been solely on account if Herseverance and attention to the business of When the people have a tried officer, and one who has proved himself so competent as Mr. Blacklock has, they should re-elect him, for it is a position that should not be changed. The citizens should not be ruled by a few men who get up conventions to destroy their will. It is still fresh in the people's mind what was the conduct of a large number of persons who went in the convention of March, 1867, and nominated Mr. Wm. H. Marbury for Mayor, who received one of the largest votes ever cast in a convention, and on the day of election voted for another gentleman after unanimously passing resolutions to support Mr. Marbury. This is the way they will act on Thursday next. If they get their choice, all's well-if they do not they will not abide by the majority; therefore, citizens, be not again gulled, but take lessons by the past. Politics has nothing to do with the office. It is only a scheme gotten up by a clique to deceive the majority and put their minority candidates in oflice. my 23-3t\*

FIRST WARD.-A meeting of the Conscrvative voters will be held at Mr. Norman F. Moore's school room, on Tuesday evening, 24th instant, at 8 p. m., to nominate a candidate in place of Hon. Lewis McKenzie.

At the request of many friends, I aunounce myself a candidate for the office of Collector of Taxes of Falls Church Township. WM. B. HOWARD. iny 22-3t

The Popular Tonic of the Age. The day has gone by when a medicine without merit could command and retain the confidence of the world. Advertising induces the public to try many things, but in this shrowd and thoughtful see words will not suffice with-out proofs, and it is by the exercise of their private judgment, men determine the relative value of the various articles recommended to their notice through the business columns of newspapers. Hostetter's Stomach Bitters has now been subjected to this searching ordeal for more than eighteen years, and the result is that itstands at the head of the class of remedies to which it belongs it has distanced and lived down innumerable competitors, and is to day the Standard Vegetable Tonic of the western world. The happy effects which have followed have entitled it to universal confidence. Nothing can ever shake its reputation, for it is based on the individual experiences of tens of thous ands of witnesses, embracing prominent and well-known citizens of every profession, occupation and class. There is not a city, town or settlement, in the United States where it is not a medicinal staple.
